"acoustically-oriented music – from roots to rock"

**personnel:** Jeremiah McCaw Budnark & Eric Bower

**instrumentation:** vocals (harmony); 6 and 12 string guitars, bass guitar, electric kazoo (!?)

**our music:** covers a wide range of genres, from roots & folk through country and on to classic rock & pop. We do familiar 'cover' material as well as excellent, but lesser-known songs by superb (often local) songwriters, and even our own original material. Our style covers both serious and silly; audience participation is important to us.

**type of engagements sought:** coffee houses, house concerts, corporate functions, seniors' events & retirement residence concerts, fund-raising concerts (on a shared revenue basis) art & other event openings, fairs, festivals, opening sets and pub gigs.

**coverage area:** We are based in Ancaster & Brantford, and are active in the Golden Horseshoe and southwest central Ontario area.

**sound reinforcement:** We have a variety of high quality gear suitable for everything from small room concerts to large concert halls. Eric is a fully-qualified professional sound person (Bower Audio), and we aim for volumes that are appropriate to the venue. Our philosophy is for full sound, not loud sound.
